8.22 AmeriVision Debit Card Service

(M)

The AmeriVision Debit Card allows customers to pay a fixed dollar amount in advance for long distance calling over AmeriVision's network. Customers use an "800" number for access from touch tone phones. Customers can place domestic and international direct dial calls using the service. Cards are decremented for each minute or fractional minute of use as set forth below. As calls are placed, charges for the call are deducted on a real-time basis until the full amount of the card is exhausted. Customers will be notified in advance of the exhaustion of the card. An expiration date, if applicable, is printed on the card. The rates paid by the customer until the card is exhausted are the rates in effect at the time the card is purchased. Debit Card accounts may be replenished at the rates specified for replenished cards.

The following types of calls may not be completed using the AmeriVision Debit Card:
